

Policy Committee Report

January 5, 2017 at 9:00AM

Member present were: Rene Cummins, Keith Greenarch, Tavonne Enoch
SILC staff: Debbie Hippler

Due to technical difficulties with the SILC conference line, the chair contacted members one at a time to get feedback on the training for February 2. Unfortunately, Paul LaVack had to resign from this committee and from the SILC. The committee agreed to have the chair invite representatives of the mental health community to provide training at the February quarterly meeting to meet one of our goals in our approved state plan. The chair will immediately follow up to set up this February 2 training.
